

Announcement to Members

July 22nd 2019

The Remote Sensing Specialty Group (RSSG) of the American Association of Geographers (AAG) is proud to announce a partnership with the Open Access Journal *Remote Sensing* (ISSN 2072-4292, Impact Factor 4.118). As a leading outlet for the publication of remote sensing science, *Remote Sensing* seeks to support the critical and cutting edge research and education activities of RSSG members.

As part of this partnership, *Remote Sensing* will sponsor the 2020 RSSG Honors Paper Competition, including both financial awards and vouchers for free open access publication in the journal. In addition, Remote Sensing has agreed to sponsor the RSSG annual reception at the 2020 AAG meeting in Denver, where the RSSG board looks forward to seeing you all for refreshments and casual conversation with fellow members.

The RSSG board is excited to announce this partnership and would like to thank *Remote Sensing* for its support of RSSG and its members. We look forward to building on this partnership and others as we seek to expand the value of RSSG to its members.
